THE BEST FOR RIDING
SINCE 1866

BROOKS CAMBIUM RANGE

Overview 2015

C15

€140 ■ ■ ■ ■

The new C15 is made from the same materials as the C17. It offers all the same benefits and excellent ride comfort, but has a narrower profile to the top. These new proportions make its shape more similar to our Swallow or Swift models, and more suitable to faster paced riding with a higher cadence.

C17

€140 ■ ■ ■ ■

The C17 was the first model to be introduced in the Cambium range of saddles. Brooks Cambium Saddles are made from vulcanized natural rubber and organic cotton canvas enhanced by a thin layer of structural textile for added resilience and legendary Brooks longevity. The uniquely flexible and maintenance-free waterproof top is designed to follow the rider's movements for immediate comfort and ease of use, absorbing road vibrations and greatly increasing comfort on long journeys.

C17 S

€140 ■ ■ ■ ■

The Cambium C17S is the Ladies version of the C17, featuring a shorter nose to better correspond to the female anatomy.

C17 Carved

€150 ■ ■ ■ ■

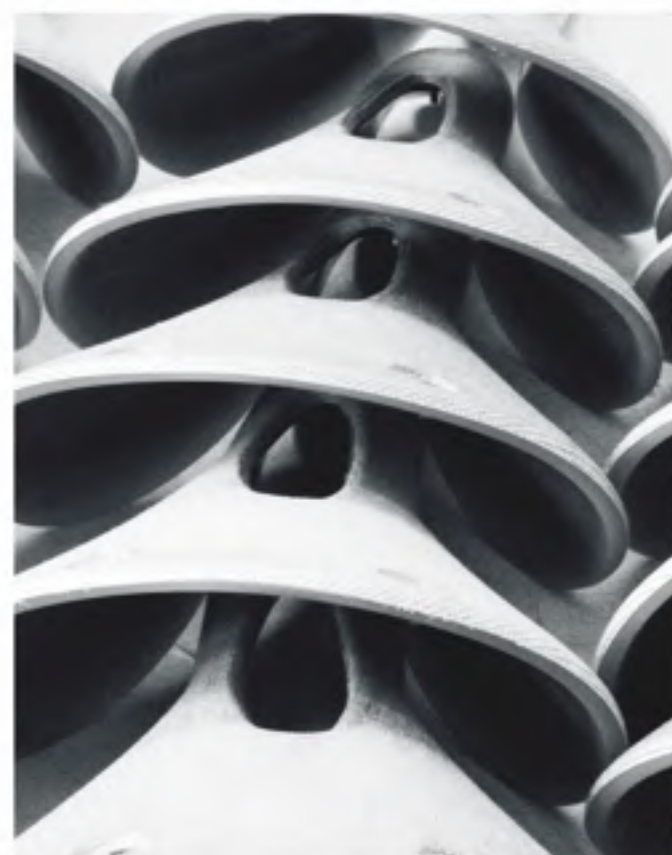

The C17 Carved is also made from the same vulcanized natural rubber, with an added cutout section to the top, which alleviates pressure in the perineal region experienced by some long distance cyclists, supporting comfort on longer rides. The additional flexibility absorbs bumps and vibrations from the road, functioning much in the way of a shock absorbing seat post.

C17 S Carved

€150 ■ ■ ■ ■

The Ladies version of the C17 Carved, offering the same cutout section to the top to alleviate pressure and give a softer ride, also with a shorter nose which better corresponds to the female anatomy.

CAMBIUM Bar Tape

€40 ■ ■ ■ ■

The Cambium Bar Tape is made from organic cotton canvas to perfectly match the colours of the Cambium and features the new natural rubber Bar End Plugs which guarantee performance and ease of use.

Rubber Bar End Plugs

€6.90 ■ ■ ■ ■

Our new rubber Bar End Plugs provide steadfast closure, sealing up your tape and handlebar against the elements.

CAMBIUM Slender Grips

€69 ■ ■ ■ ■

The design of Brooks Cambium Slender Grips incorporates an aluminium shell around which the bar tape is wrapped in the manner of traditional handlebar tape. The tape is made from organic cotton and rubber and is held in place by aluminium clamps which can be removed to replace the tape if necessary. (100 & 130mm).

C17

"I love this saddle. I feel like this is what my ass has been missing for 37 years."

BB, USA

"It feels like I've had this saddle forever"

Pat, UK

"Outstanding. Great Design! Way exceeded my expectations"

Scott, USA

"Very comfortable with no break in and waterproof! I love my C17"

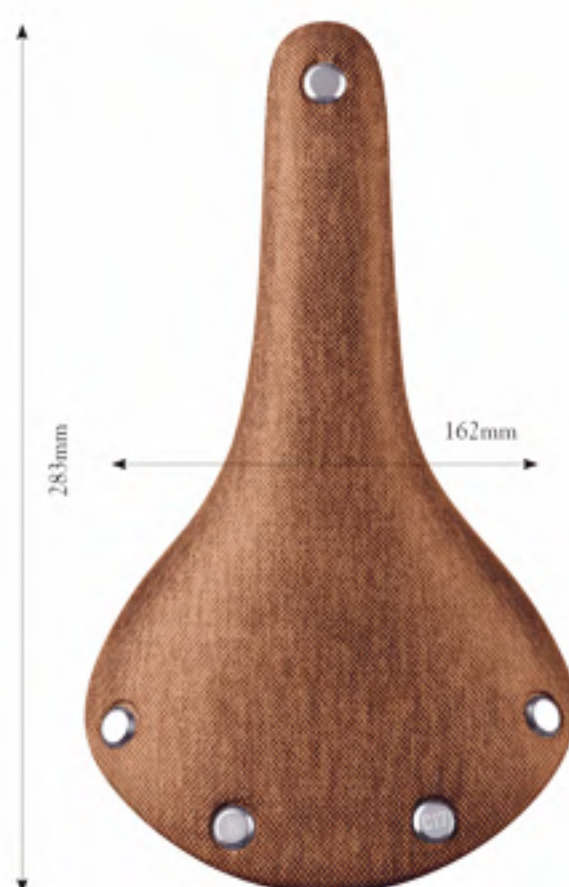

Doug, USA

SINCE 1866

BROOKS HERITAGE LEATHER SADDLES

Overview 2015

EXTRA TOUGH FOR HIGH MILEAGE CYCLISTS

"Many kinds of leather would be utterly unsuitable for saddles, and of the correct kind, very great care has to be exercised to select skins suitable for Brooks Tops." So we wrote in 1925 and keep doing at Brooks, although leather stiffness varies slightly from hide to hide. For high mileage cyclists who demand more from their saddles, we select the toughest hides, sourced from cattle raised at a natural pace on certified organic farms. All Select Saddles feature hand hammered copper rivets.

HAND HAMMERED BY SKILLED CRAFTSMEN

Historically, Brooks Saddles were made with small rivets. Racers in the continental tours would have their Brooks Saddles re-finished with larger copper rivets that were gentler on the leather uppers and gave increased longevity. This practice was then adopted by Brooks decades ago. A single badly-aimed hammer blow can irreparably damage the leather, so the utmost care must be taken during manufacture. Each copper rivet on all Special Saddles is carefully hand hammered by skilled craftsmen.

HANDMADE IN THE TIME-HONOURED FASHION

The preservation of traditional skills and techniques is as imperative for our craftsmen today as it was for their predecessors at Brooks. For more than a century our artisans have manufactured a variety of saddle designs, which remain unchanged in their method of construction and distinctive appearance. Each saddle top in our Unique range is distinguished by an aspect of workmanship or detail of manufacture specific to that model, making it indeed unique.

RACING SADDLES

Brooks range of racing saddles includes a variety of models:
- the B15 Swallow: our most elastic saddle with great freedom of leg action
- the Swift: a slightly stiffer saddle, featuring partially cut away flaps
- the Team Pro, the B17 Narrow and the Colt: our stiffest saddles

TOURING & TREKKING

These saddles are slightly wider, designed for high-mileage and extended use year round.

It is not the name of Brooks which makes the Saddle good, but the Saddle and its excellence which makes the name supreme. (The Brooks Book for Cyclists, 1912)

BROOKS
ENGLAND

LIFETIME COMFORT, SHAPES TO YOUR BODY

The Classic range includes many of our best selling models for the modern cyclist. All saddles have single rails and are thus compatible with microadjust seatposts. The B17 is the most popular saddle in the Brooks Classic range. It is certainly the oldest Brooks Model and the longest living saddle in cycling history. This Icon has been sold as far back as 1896 and has been in continuous production for over a century. Many of these models are also available in the Aged and Imperial lines.

Team Pro Classic

the saddle's worth*

B17 MODELS

Starting from the original B17 Standard, we also offer the B17 Special Copper, the B17 Special Titanium, the B17 Aged and the B17 Imperial. The Flyer is a spring version of the B17. Most models are available in the ladies version: the B17 S and the Flyer S. "S" stands for short, as ladies saddles are normally shorter in length.

- the B67 featuring the frame with modern single rails and springs
- the B73 our only saddle with front coil spring
- the B135 with the unique double spring and front loop spring frame

DESIGNED IN THE 1890'S, TRULY ANATOMICAL

J.B. Brooks & Co. first presented saddles featuring a "registered cutting, a sure preventive to all perianal pressure" in the 1890's. This ingenious solution to a problem still familiar to today's cyclist went out of production in the 1950's. We have however recently resurrected this design feature, reintroducing refined versions of the 'registered cutting' on some models. Our Imperial Saddles once again offer a prescription for perianal numbness, with dedicated solutions for men and women.

Imperial 27mm CUT
for MEN

To relieve pressure from the sensitive parts of a gentleman, research proves that a wider cut is needed.

Imperial 22mm CUT
for WOMEN

Ladies need a narrower cut to feel relief at the centre of the saddle without over compressing the sensitive areas on the sides.

Team Pro Imperial
€110

B17 N Imperial
€110

COMFORT FROM DAY 1, IMMEDIATE BREAK-IN

The saddles in our Aged range have a most pronounced suppleness to the leather. They are best described as being "comfortable from Day 1", or indeed "immediately broken in". The Aged range was created for the cyclist eager to ride a leather saddle but disinclined to invest the time involved 'breaking-in' a traditional model. The softness of the vegetable-tanned leather across our Aged range is guaranteed by the special blend of oils and waxes massaged into the hide prior to manufacture.

LEGACY

Vegetable-Tanned Leather,
Made in England

Our LEGACY Bags are made in England, using vegetable-tanned leather. The models in this line are both inspired by, and replicas of, designs dating back to the late 1880's when J.B. Brooks & Co. began manufacturing bags for cycling.

BARBICAN Leather Shoulder Bag

€395 ■ ■ ■

The Barbican Leather is manufactured in England using the same hardwearing leather used for Brooks Saddles. This bag features the same innovative shoulder strap of the Barbican. (Vol.13)

PICCADILLY Leather Knapsack

€295 ■ ■ ■

The Piccadilly is a versatile knapsack that epitomizes simple timeless elegance and the freedom associated with arriving on two wheels under your own power. It may also be carried as a handbag, easily adapting to your modern way of living. (Vol.10.50)

CHALLENGE LARGE Saddle Bag

€100 ■ ■ ■ ■

The first Challenge was designed and patented in 1896, the new Challenge Large has much in common with its predecessors, but now features triple the volume! (Vol.1.50)

CHALLENGE Saddle Bag

€79 ■ ■ ■ ■ ■ ■ ■ ■ ■ ■

Patented in 1896, the Challenge is for fitment to the rear of a saddle bearing bag loops. It features buckles that are located within the hold itself. Whilst fastening the bag, the strap that secures the unit encircles the tools it carries, preventing them from rattling during transit. (Vol.0.50)

D-SHAPED Saddle Bag

€100 ■ ■ ■ ■ ■ ■ ■ ■ ■ ■

The D-Shaped was featured in Brooks Catalogues as far back as 1910. This innovative design features a two piece construction which, whilst the outer sleeve remains permanently attached to the saddle, has an inner purse that may be removed for carrying. (Vol.11)

B1 Moulded Leather Bag

€145 ■ ■ ■ ■

B2 Moulded Leather Bag

€190 ■ ■ ■ ■

B3 Moulded Leather Bag

€250 ■ ■ ■ ■

Our new range of Moulded Leather Bags are produced in the Brooks Saddle factory using the same machinery and techniques employed to make the famous Brooks Leather Saddles. These versatile bags can be worn on the bike, the belt, or over the shoulder using the detachable canvas and leather strap. B1 (Vol.2.50) B2 (Vol.3.50) B3 (Vol.5.50)

EXPEDITION

Waterproof Fabric,
Functional and Strong

Our stitched range of EXPEDITION Bags are made from a waterproof, functional, and strong fabric for extreme long distance cyclists and world travellers.

NORFOLK Front Panniers & SUFFOLK Rear Panniers

Norfolk €100 (Single) Suffolk €120 (Single) ■ ■ ■

The new standard for style and function in travel luggage. Made from waterproof, bluesign® material, these roll-top panniers feature a convenient large outer pocket and additional four-way stretch side pockets to secure water bottles, jackets, or other oft-needed items, ensuring that you will never have to pack out your bags during the ride. Made from "cotton-like", high-quality 900D x 1200D Polyester with a waterproof polyurethane coating, the panniers attach easily with the QL2 attachment system from Ortlieb, which integrate a handle for carrying. *Rear Pannier (Vol.18-22) Front Pannier (Vol.10-13)*

TOURING HOLDALLS

The regular tourist will, no doubt, require one bag, one for long distance, sweep-brushes, and a smaller bag for weekend or day excursions. In such circumstances the patent Quick Release will be especially appreciated. The convenience of instant packing, with facility for rapid attachment to the cycle, and space at the end of the ride equally quickly returned to one's room, is an advantage only procurable with such a device.

One apart from the substance of which holdall bags are made, which should be stiff and waterproof, the attachment should be strong and strongly resistant to strain, on a reinforced foundation. Sturdy pockets which can be used for tools, repair outfit, oil can and such like, or for food, camera, maps and handbooks, are desirable features. Leaps for securing the cape outside the bag are indispensable. To prevent undue strain on attachments or damage to luggage a heavy fabric bag should be supported. Two complete frames are described overall and these, in addition to supporting the bag, also eliminate side-way.

BROOKS B91. Solo tourist. Built on patent wire framework which preserves the shape of the bag, and also affords a rigid support for packing. The forward edge of the bag is built on a fibre foundation, with canvas wearing strip carried under bag. Metal and leather reinforcements on main attachments. Durable leather. Cape loops on top. Pockets at each end. Side pockets and lid have bonded covers. In black waterproof grained fabric. Size: 12" wide x 8 1/2" high x 9" deep, exclusive of pockets. Weight: 3 lbs. 10 oz. Price: with Quick Release, 15/6; with strap attachment, 14/6.

BROOKS B291. Tension tourist. Similar to the B91, but with the fibre foundation carried underneath the bag. Plush-lined interior. Canvas flap with no straps. Two side pockets. Cape loops on top. Size: 12" wide x 8 1/2" high x 9" deep, exclusive of pockets. Weight: 3 lbs. 10 oz. Price: with Quick Release, 15/6; with strap attachment, 14/6.

BROOKS B156. A de luxe tourist bag. Stiffened foundation, leather reinforcement for saddle attachment and at base. Of stout brown grained waterproof fabric. Canvas flap with no straps. Two side pockets. Cape loops on top. Size: 12" wide x 8 1/2" high x 9" deep, exclusive of pockets. Weight: 3 lbs. 10 oz. Price: with Quick Release, 15/6; with strap attachment, 14/6.

BROOKS B296. Similar to above, but in black material. Size: 12" wide x 8 1/2" high x 9" deep. Weight: 3 lbs. 7 oz. Price: with Quick Release Device, 15/6; with strap attachment, 14/6.

BROOKS B216. Patent instant attachment or removal of holdall. QUICK RELEASE (Patent). The device consists of a spring-loaded reel and which can be withdrawn easily from the saddle bags and corresponding holdall straps. A great convenience to tourists, enabling packing to be undertaken indoors. Available with many of the bags listed. Can also be obtained separately with rules and bolts for fixing to touring bags. Price: 3/6.

BROOKS - best for riding

Millbrook €145
Glenbrook €165

MILLBROOK & GLENBROOK Saddle Holdalls

Millbrook and Glenbrook are original Brooks Saddle Holdalls first produced in the 1950's. Such designs were originally commissioned to cater for cyclists wishing to transport food, cameras, maps and handbooks and provided sturdy pockets for tools, repair outfits, oil cans and such like. This updated release combines the timeless design with a modern, waterproof bluesign® fabric, offering style and function in equal amounts. *Millbrook (Vol.5) Glenbrook (Vol.10)*

ISLE OF SKYE Handlebar Bag

€145 ■ ■ ■

A handlebar bag is an essential piece of luggage for every cyclist undertaking a long journey. Practical for getting at what you need without having to stop and unpack, the Isle of Skye is the perfect place to store your map, phone, wallet, and snacks whilst riding. Off the bike, the detachable shoulder strap converts the bag into a worry-free carryall for walking. Attaching easily with the KLiCKiX-compatible Ortlieb attachment system, the Isle of Skye features vegetable-tanned leather details and bluesign-approved waterproof textile, tested for 2000mm water column. (Vol.9)

ISLE OF WIGHT Saddle Bags

SE50 ME55 LE60 ■ ■ ■

The Isle of Wight Saddle Bag is a smart, practical bag to accompany the rider on every journey. Constructed from waterproof bluesign® material and genuine Brooks Leather, the bag features a unique double zip for easy access to your valuables, with room enough for multi tools, an innertube, and with the large version, even a small bike pump. Available in several sizes. *Small (Vol.0.8) Medium (Vol.1.2) Large (Vol.1.8)*

BROOKS CYCLE BAGS

Overview 2015

TRANSIT Water-Resistant Cotton,
Made in Italy

The majority of our TRANSIT Bags are handmade in Italy using water-resistant coated cotton canvas, and feature leather details from vegetable-tanned hides. The new range continues to evolve with a steady eye towards comfort and style.

- BARBIAN Shoulder Bag** €290 ■■■

In 1910 John Boulbee Brooks filed two patents related to improvements in satchels, knapsacks and the like. Both patents guaranteed equal distribution of weight and more stability of the bag whilst cycling. With this in mind we developed our Barbian Shoulder Bag featuring a shoulder belt which can be secured around the waist for added stability. (Vol. 131)
- BRIXTON Shoulder Bag & Tote** €180 ■■■■

The Brixton is a most versatile bag, which can be easily expanded to become a tote. It features a strap similar to that of the Barbian Shoulder Bag, the ends of which can be pulled together around the waist to increase stability whilst riding. It is compatible with our Hoxton Basket, in which it can be comfortably accommodated when shopping. (Vol. 14-190)
- PADDINGTON Shoulder Bag** €225 ■■■■

The Paddington is based on our traditional best-selling Barbian Shoulder Bag, with more compact proportions and an updated flap design to offer improved protection from the elements. Made in Italy from water resistant cotton canvas and genuine Brooks Leather, this bag is equally at home on the bike or in the office, the treated canvas delivering a distinct look that will improve with age over time. (Vol. 100)

- PICKWICK Backpack** €250 ■■■■
- The Pickwick is a versatile canvas roll-top backpack whose design complements the ease that epitomizes an urban journey by bicycle. Made from water-resistant treated European canvas and genuine Brooks Leather trim, the Pickwick is made in Italy by skilled artisans. The design features an extra compartment and small document pocket on the back so your valuables can be stored securely. (Vol. 240)

- ISLINGTON Rucksack** €295 ■■

The Islington Rucksack features innovative shoulder straps, which can be easily adjusted to stabilize the bag whilst riding. This can be achieved by either crossing both straps diagonally over the chest, or alternatively securing one of the straps laterally around the waist. (Vol. 22-300)
- PICKWICK SMALL Backpack** €200 ■■■■

The Pickwick Small is a scaled down version of the top-selling Pickwick, made from the same water-resistant treated cotton canvas and genuine vegetable-tanned leather. (Vol. 120)

- CAMDEN Tote** €135 ■■
HOXTON Wire Basket €125

Our Camden Tote has been designed to complement the 'Hoxton' Wire Basket into which it fits neatly. It is water resistant and has leather handles. (Vol. 190)
The high-quality Hoxton Wire Basket features a wood base and a leather handle. It is attached and removed using the CLICKfix® handlebar adaptor.
- HAMPSTEAD Holdall** €150 ■■

The Hampstead is a versatile holdall that can be worn over the shoulder or attached to the rear rack of a bicycle. The removable straps can be easily adjusted in length thanks to the four recently designed buckles. (Vol. 37-660)
- BRICK LANE Roll-Up Panniers** €185 ■■■■

Inspired by the Brooks roll-up bags of the late 1800's, this pair of panniers are designed to stay on the bicycle and to carry your things whenever you need an extra bag during transit. (Vol. 121 per side)

UTILITY

Waterproof bluesign® Fabric,
Made in Europe

The bags in our UTILITY line are also made in Europe using a bluesign® approved textile with genuine leather accents. The fabric is waterproof and sustainably manufactured. This range offers functional solutions to your daily portage needs, whether on the bike or off.

EUSTON Shoulder Bag

€140 ■ ■ ■ ■

The Euston Shoulder Bag is made in Italy from bluesign® standard waterproof textile and genuine vegetable-tanned leather. This easygoing, practical bag features a quick-release strap, attached bottle holder and useful media pockets. (Vol.130)

HACKNEY Backpack

€190 ■ ■ ■ ■

The Hackney Backpack is the straightforward solution to nearly any urban, two-wheeled transportation capacity challenge. Containing a 15" laptop compartment, three wide inner pockets and two outer pockets. Manufactured in Italy from bluesign® standard waterproof textile and genuine vegetable-tanned leather. (Vol.24-30)

DALSTON Knapsack Small

€155 ■ ■ ■ ■

The Dalston Knapsack Small has three wide inner pockets and two outer pockets like its larger brother. An everyday bag for transporting your various necessities, featuring a 13" laptop compartment and a practical bottle pouch in tearproof two-way stretch fabric. (Vol.120)

DALSTON Knapsack Medium

€175 ■ ■ ■ ■

The Dalston Knapsack Medium is manufactured in Italy from bluesign® standard waterproof textile and genuine vegetable-tanned leather. Containing a 15" laptop compartment, three wide inner pockets and two outer pockets. The Dalston is completed with a practical bottle pouch in tearproof two-way stretch fabric. (Vol.180)

EXPEDITION

Waterproof Construction,
Functional and Strong

Our welded range of EXPEDITION Panniers are waterproof, functional, and strong enough for extreme long distance cyclists and world travellers.

LAND'S END Rear Panniers

€120 (Single) ■ ■

JOHN O'GROATS Front Panniers

€100 (Single) ■ ■

Our travel panniers are named after the famous "Land's End to John O' Groats" cycle route which traverses the length of the island of Great Britain between its two farthestmost extremities. Hundreds of cyclists attempt this 874-mile route yearly, facing the challenges of Britain's inclement weather. Made in Germany, they feature a roll top closure, Ortlieb attachment system and reflective details. Rear Pannier (Vol.19-23) Front Pannier (Vol.12-15)

BROOKS ETC. & JOHN BOULTBEE
Overview 2015

THE BEST FOR RIDING
SINCE 1866

BROOKS ETC.

Overview 2015

BROOKS
ENGLAND

MT21 Multi-Tool

€59 ■■■

Over 700 members of the Brooks Community collaborated on the MT21. This practical set includes a plentiful assortment of 21 tools including: 7 allen keys, 3 screwdrivers, 3 torx wrenches, 4 spoke keys, a chain tool, a handy bottle opener, the Brooks Saddle Spanner and a knife. Available with a leather cover in three colours.

MT10 Multi-Tool

€39 ■■■

The abridged version of the MT21, our multi-tool for travellers, this practical set includes Hex Wrenches: #2, 2.5, 3, 4, 5, 6, 8, a Small Flat Head Screwdriver, a Phillips #1 Screwdriver, and a Torx T25. Available with a genuine leather cover in three colours.

1909 Adjustable Spanner & Tyre Lever

€35

In 1909, Mr Brooks and his son filed patent N°7709 for improvements in adjustable spanners in the form of a rather clever and simple solution for those cyclists in need of box spanners in a variety of sizes. Our new patent is an innovation upon the original, simplifying the design and saving weight. Spanner sizes from 1-19mm are possible by sliding the two pieces. The smaller piece is also a functional tyre lever.

Leather Bar Tape

€55 ■■■■■■■■

In the Brooks tradition, our handlebar tape is also made of natural leather to perfectly complement your saddle. The bar tape includes bar end plugs, and adhesive cloth strips for fastening.

Slender Leather Grips

130mm ■■■■■■■■
100mm ■■■■■■■■

Brooks Slender Leather Grips feature vegetable tanned leather tape, and are designed to offer an alternative performance option for the user, while maintaining the standard for sustainability set by the Plump Grips, allowing the user to replace worn parts if necessary. The design incorporates an aluminium shell around which the bar tape is wrapped in the manner of traditional handlebar tape. The leather is then held in place by aluminium and steel clamps which can be removed in the event that the tape requires replacement. The tape is made from the same vegetable tanned leather used for Brooks Saddles, and is available in a number of colours and two lengths, 100 and 130mm.

Plump Leather Grips

€65 ■■■■■■■■

In the Brooks tradition, our grips are made of natural leather, the same long wearing leather used for our saddle tops. Each grip is made with a stack of leather washers cut from the scrap of our saddle tops. These washers are held together by 3 spokes, enabling the grip to be adjusted to the desired length. The standard length of each grip is 130 mm, but each grip can be shortened to the desired length independently. The grips are delivered in a box containing shorter 80 mm spokes to make them even shorter.

Mud Flap

€20 ■■■

Our new Mud Flap is made of the same leather cut from the remainder of our saddle production.

Proofide

25gr €10.90
40gr €14.50

Proofide keeps the leather supple as it is specially formulated from natural ingredients to condition, preserve and showerproof your saddle.

Trouser Strap

€20 ■■■■■■■■

Our Trouser Strap helps the urban cyclist fasten his or her trousers, preventing them from being caught in the chain ring. Available in many colours.

Twin Straps

€35 ■■■

Brooks Twin Straps feature a removable connecting strip of leather, which allows them to be used as a double strap or as 2 single straps.

JOHN BOULTBEE

Overview 2015

John Boultonbee CAMBRIDGE Rain Cape

€130

The Cambridge Cape, for when the weather turns foul. Constructed of waterproof nylon, the Cambridge is designed to be easily carried inside your Brooks Cycle Bag or folded into its own reflective pouch and attached to the rear loops of your Brooks Saddle. Available in 5 colours and 3 sizes, each trimmed with matching leather details.

BROOKS SADDLES

Oilskin Clothing

A great deal of the enjoyment of cycling depends upon the assurance that one is equipped for any weather. Today is the day of lightweight oilskins, but there is a vast difference between the qualities available. When buying, all garments should be closely inspected for pin holes, careless stitching and also for soundness of proofing at seams. Brooks oilskin clothing is made from finest Egyptian cotton of specially close weave. For the Ultra-lightweight, Ponchos and Sou-westers, lead lap silk is used. The garments are completely made up and the seams finished before the oiling process is applied; the subsequent proofing therefore renders seams and stitching invulnerable. Several of the lines are available with either zip or press-button fastening; the zip fastener is conveniently manipulated from inside. Ponchos have Patent loops.

Even the best of oilskins constant chafing. A one page 31) will to its original suffer in time from dressing of NUPAC restore the worn part waterproof condition.

J.B. Special

J.B. Classic

J.B. Classic and J.B. Special Carrera Foldable Helmet

J.B. Special €170

J.B. Classic €150

Wearing a bold look inspired by the former leather "haimet" helmets of old, the J.B. Collection combines modern technology with traditional elegance through the application of rich textiles and leather details. Unparalleled comfort and a secure and stable fit, thanks to the hidden flexible frame and elastic fitting system developed by Carrera. When not in use, the helmet collapses down, to be secured by the Brooks Leather carrying strap, which doubles as a trouser strap whilst riding. (M 55-58cm - L 58-61cm - Weight 330g - EN 1078 and CPSC certified)
